Township of Woolwich Council

**Re: Notice of Meeting to Consider the Engineer's Report for Breslau Drain 1**

Dear Council,

On behalf of Midwest Breslau Limited and Woolwich South Holdings Limited, we would like to express our formal support for the recommendations noted in the Breslau Drain 1 Engineers Final Report. We believe the project will improve the current conditions and provide a positive benefit to the existing residents of Elroy Estates and to the future residents of the Midwest Breslau Limited and Woolwich South Holdings Limited subdivisions.

K. Smart Associates Limited and Township Staff have done a remarkable job in bringing this project forward and we applaud them for their continued efforts. The project will provide many positive benefits to the existing and future residents of Breslau.

Council's endorsement/adoption of this project and the Engineers Final Report would encourage the construction of much needed infrastructure in Breslau and will improve and/or eliminate the existing drainage issues in the Elroy Estates community.

We are extremely grateful for all the hard work and dedication K. Smart Associates Limited and Township Staff have put into this project, and we look forward to seeing this project come to fruition.

Best Regards,

---
